

About Us

- BlueDiesel Malaysia was established to meet the growing need for high-purity emission control chemicals used by Euro 4, Euro 5, and Euro 6 diesel vehicle fleets operating across Malaysia.
- BlueDiesel specializes in the large-scale supply and distribution of ISO 22241-certified AdBlue and AceRev DPF Cleaner for commercial fleet operators, logistics providers, construction groups, industrial users, retail sites, and public-sector customers across West and East Malaysia.
- BlueDiesel is an officially registered vendor with the Ministry of Finance Malaysia and supports private-sector and public-sector procurement requirements nationwide.
- BlueDiesel operates on four core principles: quality assurance, transparent pricing, reliable supply continuity, and practical technical support.
